

TARIFF CHANGES - ALL JURISDICTIONS

Smoking at WMATA Bus Stops - Amendment to the Washington Metropolitan Area Transit Authority Tariff to make it explicit that smoking is prohibited at WMATA owned and WMATA controlled bus bays, and all bus stops controlled by WMATA.

Off-Board Fare Collection - Amendment to the Washington Metropolitan Area Transit Authority Tariff to cover off-board fare collection and to treat the failure to produce a fare receipt upon request as fare evasion. The proposed off-board fare collection system would have fares paid at a fare vending machine on the platform or at the bus stop. The machine would dispense a receipt as proof of payment. The proposed Tariff change would require a passenger to produce the receipt as proof of payment of the fare upon request. Failure to produce the receipt or another acceptable form of proof of payment would constitute fare evasion.
